You have just been Tattooed in a modern studio by highly trained artists, even though it feels like the process is over it's only beginning. The healing of the tattoo is just as important as the application. Following our recommendations will result in a piece of artwork you will enjoy for years to come!

1. Remove bandage within 1-3 hours and wash your tattoo using a non-scented anti-bacterial soap and cool water.(NO FACE CLOTH).
2. Pat dry with a linen or paper towel.
3. Apply a very thin layer of A&D Ointment or Aquafore do not use Vaseline.
4. Repeat washing and applying ointment 2-3 times daily for 3 days.
5. After the first 3 days continue to wash but switch to a non-scented hand lotion that does not contain Aloe.
6. No soaking in the tub, hot tubs or swimming for 2 weeks
7. avoid direct sunlight on your tattoo for 2 weeks after that time apply sunblock spf 50 for prolonged sun exposure.
8. Your tattoo will itch and peel like a sunburn (DO NOT PICK OR SCRATCH YOUR TATTOO) this will result in ink loss!

Following these instructions will insure your tattoo heals well. Don't listen to friends or the internet about how to care for your tattoo only your artist knows how to best care for there style of tattooing. we guarantee our work 100% when our instructions are followed if should have any questions or issues get in touch with your artist!
